

AGRIFUTURE CONFERENCE

Accelerating Vietnam's Sustainable Food Systems
Through Technology, Traceability, and Partnership.

Where policy meets practice.

The AGRIFUTURE Conference is DLG's mobile, non-profit strategic knowledge platform connecting government, industry, research, development partners, technology providers and agricultural stakeholders to turn policy priorities into practical solutions.

Hosted in Ha Noi, Vietnam, the 2026 edition will bring together approximately 250 policymakers, experts, researchers, companies and international organizations to exchange knowledge, demonstrate solutions and identify pathways for more productive, resilient and sustainable food systems.

29 - 30 October 2026

Ha Noi, Vietnam

TECHNICAL CONFERENCE • TABLE TOP SHOWCASE • HOSTED FIELD TRIP

Vietnam Agriculture

Vietnam's agriculture sector is entering a period of accelerated transformation driven by digitalization, innovation, private-sector participation, climate resilience and increasing requirements for transparent and competitive value chains.

AFC 2026 creates a neutral platform where national priorities can meet international expertise, technology and partnerships—helping move the conversation from policy to implementation.

FOUR AREAS SHAPING THE CONVERSATION

1

**Soil health, crop health
and nutrient
management**

*The foundation of
sustainable productivity*

2

**Mechanization and
Innovation**

*Closing the machinery gap in
production and post-harvest*

3

**Digital Transformation
and Precision Agriculture**

*Technology as the engine of
the Resolution 57 mandate*

4

**Markets, Finance & PPP
Structures**

*Mobilizing capital for the
agricultural transition*

TWO DAYS. FROM DIALOGUE TO FIELD REALITY.

29 OCTOBER • TECHNICAL CONFERENCE

Plenary

Parallel technical
symposia

Co-design
workshops

Tabletop
Innovation
Showcase

Networking

30 OCTOBER • HOSTED FIELD VISIT

A practical look at
agricultural technology,
mechanization, post-
harvest processing and
export-oriented value
chains in Vietnam.

THINK AGRIFUTURE. BUILD WHAT COMES NEXT.

International partners are invited to contribute expertise, technologies, knowledge and networks to AGRIFUTURE 2026 through curated partnership opportunities.

Together, we can turn conversations into knowledge exchange, practical solutions, new connections and pathways for collaboration across Vietnam and the wider Asia-Pacific region.
